Experience

Web Developer Intern

At CodSoft

15/07/2023 - 15/08/2023

- Collaborated with the development team to create and maintain web applications using HTML, CSS, JavaScript, and React.js.
- Successfully integrated external data sources via APIs to enhance website functionality and real-time data updates.
- Assisted in debugging and troubleshooting issues, showcasing problem-solving skills.
- Created the Responsible and user Friendly Web Site as tasks to enhance my Designing Skill.

Frontend Developement Intern

At CreatPix infotech LLP

01/01/2024 - 30/06/2024

- Developed and Customized Shopify Themes: Utilized HTML, CSS, and Liquid to create and customize Shopify themes, ensuring a visually appealing and brand-consistent e-commerce experience.
- Responsive Design Implementation: Ensured optimal viewing across various devices by implementing responsive design techniques, significantly enhancing user engagement and satisfaction.
- Collaborative Development: Worked closely with designers and backend developers to deliver seamless, dynamic, and user-friendly e-commerce websites, fostering a collaborative team environment.
- Participated in Agile processes, using Git for version control.
- Optimized website performance and implemented SEO best practices.

Frontend Developer

At CreatPix infotech LLP

01/07/2024 - Till Now

- Developed and maintained high-converting Shopify and Shopify Plus storefronts, ensuring responsive design and optimized performance across all devices.
- Wrote and customized Liquid templates for dynamic content, third-party integrations, and custom features.
- Built reusable components using Vue.js and Nuxt.js for scalable frontend architecture.
- Collaborated closely with UI/UX designers to translate Figma/Sketch designs into pixel-perfect layouts using HTML, CSS, and JavaScript.
- Managed and updated content-driven websites using WordPress and Craft CMS.
- Optimized site speed, SEO performance, and cross-browser compatibility.
- Participated in agile development cycles, code reviews, and cross-functional team discussions to deliver projects on time.
